OFFICIAL VETERINARIAN DECLARATION (OVD)

For

Rabies Vaccinations and Rabies Titre Test

I declare that I have sighted the rabies vaccination certificate(s), and the rabies neutralising antibody titration test (RNATT) or fluorescent antibody virus neutralization (FAVN) report, and confirm the information below is accurate to my knowledge.

	Registered Veterinarian*		**Official Veterinarian***
Name of Veterinarian	Jinwon Lee	**Name of Veterinarian**	
Veterinary Practice	Lausanne Veterinary Medical Center	**Competent Authority**	
Address	3, Gwanak-ro 29-gil, Gwanak-gu, Seoul, South Korea	**Address**	
Date (Day/Month/Year)		**Date (Day/Month/Year)**	
Signature		**Signature**	

* This form must be signed by your veterinarian, and signed and stamped by an official veterinarian.

An **official veterinarian** is a veterinarian authorised by the government authority of your country (MPI equivalent) who can certify that the RNAT or FAVN test results and vaccination(s) meet the New Zealand import requirements. Contact details can be obtained from the relevant government department in country of export.

Stamp of official veterinarian here
ONLY
It must be clear and legible

Check you are using latest version of this document: https://www.mpi.govt.nz/dmsdocument/34875-Category-3-Official-Vet-Declaration-OVD

Name of the **government-approved laboratory** reporting the RNAT or FAVN test results:

Komipharm Rabies Serology Laboratory(KRSL)

Primary microchip number

Microchip implantation date

Day	Month	Year

I verify the microchip implantation date for the primary microchip was prior to the rabies vaccination dates and the blood sampling date for the rabies titration test (stated below)

Secondary microchip number (where applicable)

Secondary microchip implantation date (where applicable)

Day	Month	Year

I verify the microchip implantation date for the secondary microchip

Blood sample for the titration (RNAT or FAVN) test was drawn on this date (located on the laboratory report)

Day	Month	Year

Titration test result (located on the laboratory report)

			.			IU/ML

Rabies vaccination information: original vaccination records must be sighted and verified by both the registered veterinarian, and official veterinarian.

	Vaccination Date			**Duration of Immunity (tick)**			**Batch Number**	**Batch Expiry Date**		
	Day	**Month**	**Year**	**1 year**	**2 years**	**3 years**		**Day**	**Month**	**Year**
Vaccination 1[1]										
Vaccination 2										

[1] If the animal has only had a primary rabies vaccination, this was given **between six and twelve months** prior to arrival, when the animal was at least three (calendar) months old. If your animal has had **two or more** valid rabies vaccinations (not lapsed) include the **two most recent**. The last one must have been given **less than 12 months prior to entry.**
